Subject: Review of Preliminary Developmental Plans for the City of Yonkers

Dear Mr. DelBello:

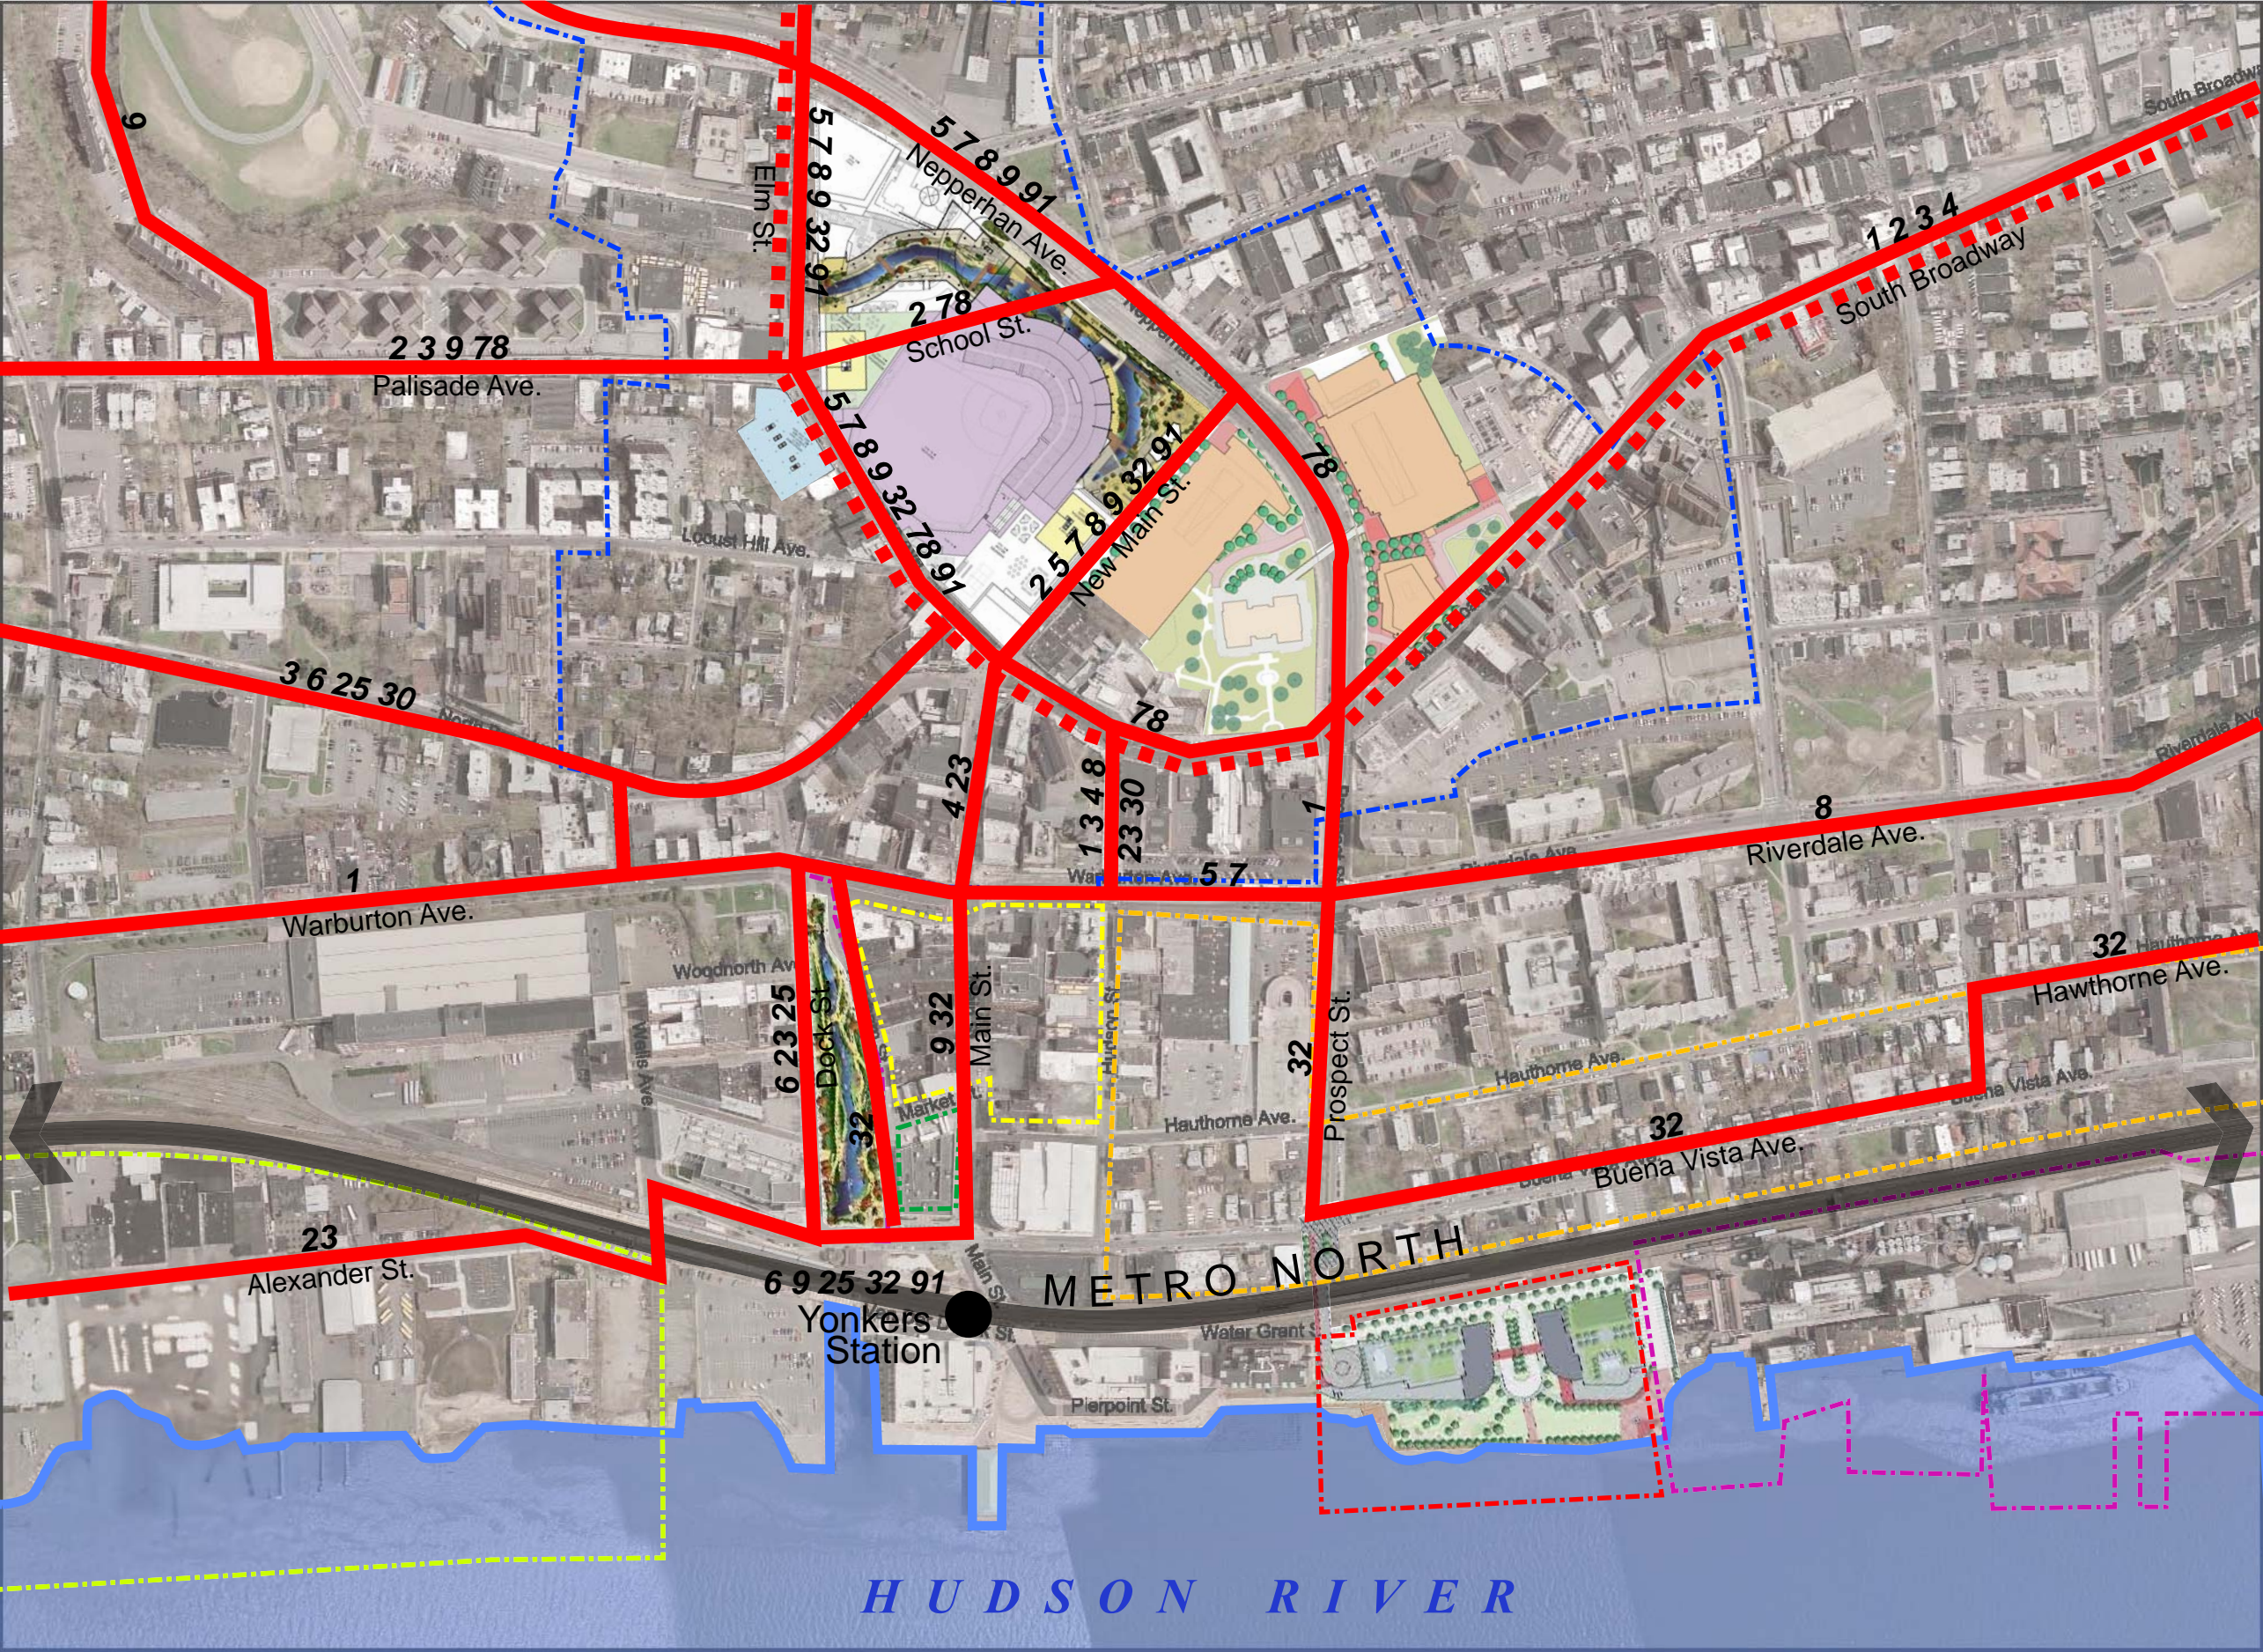

It was a pleasure to meet with you and your associate to discuss the proposed development plans your client has for the City of Yonkers. My staff and I look forward to a comprehensive review of your plan which has the potential to be of great benefit to the City.

Obviously, we have not done a detailed analysis of the impact on Bee Line operations, but it appears from the material you have submitted, that they would be minimum, and there may be some benefit to the system in terms of operational effectiveness. We certainly look forward to working with you as your plans are refined to assure that the proposed development provides the best opportunity to maximize mass transit benefits in the City.

If you have any questions, please feel free to contact me.

Sincerely,

Lawrence C. Salley
Commissioner
